

Changes to the supply of some prescription and over-the-counter medicines

From 20 March 2020, the Australian Government has placed limits on the dispensing and supply of some essential medicines.

- **ONE MONTH'S SUPPLY** of prescription medicines
- **ONE PACK** of certain over-the-counter medicines

Pharmacists are required to label all asthma reliever inhalers (e.g. Ventolin™, Asmol™)

**Thank you for your understanding.
This will ensure fair and equitable access to
medicines for all our customers.**
